YOUR PATH TO BEAUTIFUL SKIN

## **GLYCOLIC GEL**

### ***Cellular Micro Exfoliation***

This low pH, 10% Glycolic Acid rejuvenating gel improves the look of fine lines and wrinkles, lightens uneven pigmentation and helps unclog your pores. This lightly textured formula gives your skin a gentle cellular micro-exfoliation and brightens skin clarity and tone. Daily use leads to a more refined, smooth complexion.

#### **Key Ingredients:**

**10% Pure Glycolic Acid:** Penetrates into pores, minimizing the skin cell build-up that causes acne lesions. Exfoliates the outer skin cell layer, revealing the healthier, fresher skin. Studies show that this form of pure glycolic acid is up to 60% better at increasing skin cell renewal.

**Algae Peptides:** Derived from Hawaiian Red Sea Extract, this hydrating, purifying ingredient also boosts collagen production.

**Matte, Kola and Guarana Extracts:** These botanicals calm skin inflammation, and acne breakouts in mature and hormonally disturbed skin.

#### **Benefits of Glycolic Gel:**

- Highly Effective for Clearing Acne Breakouts and Unclogging Pores.
- Clear, Lightly-Textured Rejuvenating Gel.
- Convenient, At-Home Microscopic Skin Peeling.

#### **How to Use:**

Apply to cleansed skin. For first time Glycolic Acid users, rinse off after 15 minutes during first week of use. Gradually leave on longer as skin builds tolerance. Never apply to red or irritated skin. Follow with SPF 15 or greater in daytime.

#### **Next Step Product:**

**Replenishing Sunblock SPF 36,  
Tinted Moisturizer SPF 15**
